

## DNREC – Division of Air Quality

### Title V Significant Permit Modification Applications

Notice is hereby given that Mountaire Farms of Delaware, Inc. having a facility at 29106 John J. Williams Highway, Millsboro, Delaware, has submitted a request for a significant permit modification pursuant to 7 **DE Admin. Code** 1130, Section 7 for operating permit: **AQM-005/00004 (Renewal 2)**. Based on the data and certifications contained in the application, the Division of Air Quality concludes that the applicant meets all applicable requirements promulgated by the Environmental Protection Agency (EPA) and the Department of Natural Resources and Environmental Control (DNREC). Therefore a “draft/proposed” significant permit modification has been prepared. This “draft/proposed” significant permit modification replaces two boilers fired on No. 6 fuel oil with two boilers fired on natural gas.

The application, the “draft/proposed” significant permit modification, **Permit: AQM-005/00004 Renewal 2, Revision 3**, all materials that the applicant has submitted (other than those granted confidential treatment under DNREC rules), and a copy of summary of other materials, if any, considered in preparing the “draft/proposed” significant permit modification may be inspected at the offices of the Division of Air Quality, Blue Hen Corporate Center, 655 S. Bay Road, Suite 5 N, Dover, Delaware and 715 Grantham Lane, New Castle, Delaware. To submit comments, for additional information or for an appointment to inspect the application, please contact Joanna Austin at the Dover Office at 739-9402.

The “draft/proposed” permit renewal is being submitted to EPA for concurrent processing. If there are no significant comments, the “draft/proposed” permit renewal will be issued as a final permit after expiration of the EPA review period.

A public hearing concerning the permitting action will not be held unless the Secretary of the Department of Natural Resources and Environmental Control receives a request for such hearing within thirty (30) days from the date of this notice, ending September 28, 2010. A request for a hearing shall be in writing and must show a familiarity with the application and a reasoned statement of the permit renewal’s probable impact.
